Re: Kern Pacific Construction

To whom it may concern,

Kern Pacific Construction has been one of our Top Ten customers in the San Joaquin valley for the last two years. They have purchased and installed thousands of feet of reinforced concrete pipe from us for many projects ranging from private storm drain to low head pressure irrigation pipe. Kern Pacific has always been very professional in our business dealings. Kern Pacific is a valued customer of Rinker Materials. We look forward to many more successful projects with them in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Cheryl Street". The signature is written in a cursive, flowing style.
